Prathamesh Mirashi

Web Developer

✉ prathammirashi48@gmail.com | ☎ 7406588607 | **portfolio**: https://portfolio-six-lilac-95.vercel.app/

Summary

Web developer with 1.5+ years of hands-on experience in building and optimizing e-commerce websites using HTML, SCSS, JavaScript, Bootstrap, Node.js, and React.js. Proficient in Salesforce Commerce Cloud (SFCC) development, enabling the creation of scalable and high-performance e-commerce solutions. Skilled in responsive UIs and ensuring seamless user experiences. In addition to professional experience, have also built several personal projects using React to further strengthen frontend capabilities and stay aligned with modern web development trends. Actively seeking a challenging role to apply this expertise and contribute to impactful digital solutions.

Employment

Cloud Odyssey, Associate Professional Web Developer   Feb 2024 - May 2025

- Developed and maintained e-commerce websites using HTML, SCSS, JavaScript, Bootstrap and Node.js, ensuring seamless user experiences and responsive design
- Collaborated with cross-functional teams to implement new features, optimize performance, and resolve technical issues.
- Proficient in Salesforce Commerce Cloud (SFCC), contributing to the development of scalable and high-performance e-commerce solutions.

Skills

Front End: Html, SCSS, JavaScript, Bootstrap, React
Back End: Node.js
Tools: VS Code

Certifications

React.js: demonstrating proficiency in modern frontend frameworks.

Projects

Titan Encircle   July 2024 - Dec 2024

- Designed and developed key pages for the website, ensuring responsive and user-friendly layouts.
- Optimized the functionality and design of the footer and dynamic forms to enhance user navigation and streamline data submission processes.
- Applied advanced SEO strategies to enhance site visibility, driving increased traffic and improved search engine rankings.
- Collaborated with design and content teams to create a cohesive user experience, adhering to brand guidelines and delivering visually appealing, responsive layouts.

Helios Watch   Jan 2025 - Feb 2025

- Worked on a short-term requirement to develop a frontend for a single page.
- Ensured timely delivery while maintaining functionality and design standards.

Pothys   Feb 2025 - April 2025
- Developed backend functionalities, including order breadcrumb and track order features, ensuring seamless integration with the frontend.
- Designed and implemented frontend components such as the homepage and footer (About Us, Contact Us, Terms & Conditions, Privacy Policy, and FAQ), improving usability and maintaining brand consistency.
- Optimized the footer layout and navigation structure to enhance accessibility and provide a seamless browsing experience for users.
- Collaborated with cross-functional teams to deliver high-quality solutions within deadlines.

Adventure Mahindra   April 2025 – May 2025
- Developed backend functionalities, including breadcrumb navigation and filter logic, to enhance user navigation and search efficiency.
- Implemented "No Page Found" and "No Filter Found" handling to improve error management and user experience.
- Collaborated with the frontend team to ensure seamless integration and functionality of all backend components.
